A SPECIAL UPDATE

MAY 2020

We all have lots of questions around what will be happening this Summer! As of yet we have had no clear direction from the Public Health authorities, however we are working on understanding how summer Day Camp will be impacted by any possible restrictions. **Our decisions at this date are “fluid” so our plan is to keep you updated as the plans morph and change.**

NEW

camp schedule

4 weeks instead of 6...

Currently we are having to put aside the 6 weeks schedule and are planning for 4 weeks of camp: the last week of July and August. If we still can not have camp in July, then we might be able to move that July week into August as it is the longest August in the calendar!

July 27-31, August 4-7, August 10-14, August 17-21

(August 24-28)* optional week if July is not possible.

REGISTRATION:

1. If you have already booked, we will connect with you during the first week of June to find out how and if your registration needs to change. *We will refund any registration fees you may want returned to you.*
2. If you still need to register: In June we will update the Registration form and have it available for you so that you can plan for your summer with the new information

HEALTH & SAFETY

1. We are listening and will respond accordingly to the Public Health Authorities
2. In the event that Day Camp is permissible, we are researching and brainstorming ideas to help us change camp to make it quality, safe and fun - like usual! - with the special procedures which are recommended.
3. We are compiling a list of the special supplies we will need to enable us to create a safe environment for our children, their families and our community.
4. We are also considering how to create the same quality of camp experience with much fewer children. We are creatively searching for solutions to that!

Consider Sponsorship...

With the number of families who are potentially in financial crisis because of this pandemic, one of the ways you might be able to serve is to provide sponsorship for children to go to a quality, safe summer camp, while their parents get back to work. If you can do that, **please speak to us.**

Pray...

Please connect with Yvonne or Kevin about being part of the **Prayer Team** for camp!

Be Ready...

With all of this "fluid" planning we will need you more than ever! And we may need you at the last minute, suddenly, on a dime! Please have that in the back of your mind and consider how you might be available to minister to children and families in this way despite how strange this year has been. **Safe some space for camp in your summer plans.**
