REFLECT BEFORE OUR NEXT TALK:

- Is there a comment(s) or idea(s) that **stuck with you from the first Table Talk?** How do you **connect personally to what you heard?**
- As you think about leadership and legacy: what do you think you need to **step into?** And what personal preference or ideal do you need to **lay down or let go of?**
- How do you sense God is **affirming and/or challenging** Forest Brook?
- **What's new or different** that you sense God asking Forest Brook to pursue next?
